SIGLENT **SDS2000X Plus** Series Oscilloscope

\$219
Save up to \$538

SPL2016

50 MHz arbitrary waveform generator

MSO function

All offers are valid until December 31st, 2021

For a limited time, all new SDS2000X Plus purchases can get an option bundle for only \$219. This bundle includes the SPL2016 and MSO and function generator activation licenses.

SPL2016: Logic Probe for SDS2000X Plus series, 16-channel, 500MSa/s, 50 Mpts/ch

SDS2000XP -FG: Built-in 50 MHz arbitrary/function waveform generator

SDS2000XP -16LA: MSO function for SDS2000X Plus oscilloscope, not include Logic Probe (SW)

These options enable the user to conquer challenges with Automotive, Audio, Embedded and Power Electronics applications. Combined with the wide variety of all standard features, the SDS2000X Plus becomes one of the R&D and Test Engineer's most powerful tools.

Note:

1. The SDS2000X Plus series oscilloscopes must be purchased from an authorized SIGLENT distributor.
2. SIGLENT TECHNOLOGIES reserves the right to all final decisions related to this campaign.
3. Please feel free to contact us: info@siglentna.com
4. All Offers are valid from October 1st, 2021 to December 31st, 2021.
