

Win SIGLENT X-Scope or X-Generator Just for Giving us a Review

May 11, 2020

As a SIGLENT customer, you have a chance to win an X-Series oscilloscope or generator by simply submitting an honest product review of any SIGLENT instrument to websites which have places for customer comments. This contest begins immediately (May 11, 2020) and runs until May 11, 2021.

Drawing rules:

All you need to do is to write an honest review of your SIGLENT product after you purchase it on any sales website which has places for customer comments. Send us an email to register, which should include the screenshot and link of your review and also the serial number of your instrument. Our email address is sales@siglent.com. The more reviews you write, the more chances you have to win.

There will be 4 rounds in the Review Activity, and the winner will be announced every three months. The prize will be either a SIGLENT SDS1104X-E (100 MHz) Digital Oscilloscope or a SDG2042X (40 MHz) Function/Arbitrary Waveform Generator! Your choice!

SIGLENT will release a video of the drawing process to be published on YouTube for everyone to see.

- For convenience, please title your email as *SIGLENT Review from your name*. For example: SIGLENT Review from Tom Smith.
- Each SIGLENT instrument has its own serial number. You can find the serial number on the rear panel of instrument.

Show your strengths:

If you are a video production enthusiast, you can make a video as a Review and upload it to YouTube. Send us your screenshot and link of your video to: sales@siglent.com

This part is independent of the above, which means you can participate in both sections.

There will be 2 rounds in this part. And the winner will be announced every six months. The prize is an SDS2104X Plus oscilloscope!

Notes:

1. Drawing Active from May 11, 2020 to May 11, 2021.
2. You can participate in the above two activities at the same time.
3. SIGLENT TECHNOLOGIES reserves the right to make the final decisions on this activity.
