Potential Solutions to Easy software window rendering/font issues

March 08, 2018

The installation of SIGLENT EasySpectrum and other "Easy" software is typically uneventful. But, there may be an occasional issue.

Here are some steps that may help clear up any issues that you may encounter:

Here is an example of a mis-rendered window view of EasySpectrum:

Here are some steps that may help fix the issue:

1. Set the computer's screen resolution to 1600×900 (or lower)
2. Uninstall Easyspectrum software from the computer
3. Reboot the computer
4. Search in "Program Files (x86)" directory for "easy"
5. Delete the "Easy Tools" directory and any other SIGLENT "easy" software references
6. Re-Install Easyspectrum software
